

audioReader::audioReader

```
graph LR; A[audioReader::audioReader] --> B[audioReader::updateSliderRange];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'audioReader::audioReader'. The right box is gray with a black border and contains the text 'audioReader::updateSliderRange' on two lines. The blue arrow originates from the right side of the first box and points to the left side of the second box.
